ARRANGING FOR THE EVENT

Largest Crowd That Ever Assem bled in This City.

In speaking of the coming August meet to be held under the auspices of the Horsemen's association, Don J. Leathers said to a reporter for THE HERALD yesterday: "Persons will come here from all over the country. Excursions will be run to this city from Chicago, Milwauxes, Detroit, Saginaw, Buffalo, Toledo, Ricamond, Ind., Indianapolis and other places, besides the others who will come. We shall probably have the largest crowd that ever came to this city to attend any kind of a meeting. The business committee of the association is working night and day perfecting necessary arrangements. Intrees for the great stallion race can not be given for some days yet, but it will be the greatest race ever given in

"The addition to the grand stand is nearly completed, giving us a seating capacity of 4,000. Basides this we are thinking of putting up bleachers, which would accommodate many more, but we have not settled the matter definitely as yet. Several other improvements are also to be made. A new band stand will be built opposite the grand stand, hear the timer's box and the old bal-coney will be reserved for guests of the association, men that are here with

association, men that are here with large stables of horses.

The press will also be well taken care of. The press box will have accommodations for more newspaper men than that of any other race track in the country. We expect representatives from many ontside papers.

Horses are continually coming in and are working on the track. They were all out Sunday and showed great speed. All we want now is a week of good weather and we'll have the largest meet the country has ever seen.

NO POOLS AT GARPIELD PARK. The Police Effectually Shut Down the

CHICAGO, July 25 .- For the first time there was no pool seiling on Gartield park races. In the clash with the city authorities the track officials were tem-porarily worsted and until the courts decide the matter, probably tomorrow or next day, there may be no racing. In order to make a test case, the asso-ciation opened a book and its clerks were at once piaced under arrest, 100 policemen being in the park. Before the sport began, eighty bookmakers were ready for business and the results showed that those animals entitled to be favorites, had there been pool sell-ing, won. The six events:

The spectators questioned his decision. Mr. Tyrrell promtly pulled off his coat and anpromity pulled off his coat and announced that he could whip any man that called him a liar. Mutual friends prevented the affair from going further, but the occurrence has created much comment. Mr. Tyrrell is a known lover of fast horses, but so long as he took no part in racing his con-gregation did not object. Now many of his flock are indulging in harsh crit-icism of their pastor's conduct and the matter may be brought before the next

Lissie Challenges the Fraternity.

The cycling fraternity of the city will soon have a chance to show its galiantry in a new and novel way. Lissie Williams, a female cyclist of some speed, will on August 7 give an exhibition on the North Park fair grounds, and offers to go five miles against any local wheelman. She will probably not be accommodated, as the riders of this city do not, as a rule, care to jeopardize their amateur standing. Her manager also offers to put up prizes for a half mile, one mile, two miles and five mile races between local wheelmen. Lissie Challenges the Fraternity.

WHY HE DIDN'T.

"No, sir, I did not." The plaintiff pulled the attorney's sleeve, but he paid no attention to her.

"Ah, indeed," very sarcastically. "I presume you never called her Lizzie in your life?"

"I never did, sir." Again the plaintiff caught at the at-torney, but he ignored her.

"Now, once more, sir, I ask you direct ly to state to the court whether you did or did not call this young lady by the endearing name of Lizzie. Remember, sir, you are on your oath," and the at-torney reared back in his chair, while the plaintiff made another ineffectual clutch at him.

The defendant smiled slightly.

"I never did," he said firmly.

The attorney sat forward with a sharp crack of the chair legs on the floor.

# PHYSICIANS!

In the Detroit Free Press June 7, sixth page, under the head of "Distinguished Doctors," we see the names of the members of The American (Alopathic) Medical Association, who are meeting in that city, and the specialties in which they are engaged, and also the pictures of 28 of those who can afford it.

If this is their advertisement, and we think it is, we wish to congratulate the principal physicians among the Alopaths for their success as advertising physicians, and we feel sorrow for the common herd of Alopathic physicians who do not DARE to advertise. What does this meeting amount to, anyway? Is it anything more than a mutual admiration society and a free advertising scheme for its members? Will the rest of the Alopathic physicians call them "quacks" after this? We hope not, as the members of the American Medical Association have as much right to advertise as Dr. S. CLAY TODD, and we wish to congratulate them on their success as Advertising Physicians.
